

Determination Deadline Alert

Trustee Announces 30-Day Deadline to Accept or Request Reconsideration on FVT Determination Notices

In order to facilitate quicker payments to fire victims, the Trustee has announced that Claimants must either accept the determination amount or submit a Reconsideration request to the Claims Processor within 30 days of the initial Determination Notice. Failure to timely submit a Reconsideration request, or elect a one-time 30-day extension through the portal prior to the 30-day deadline, will result in the determination amount being deemed accepted, which will end any Reconsideration or Appeal rights and put the claim in line for pro rata payment during the next payment cycle.

This 30-day response deadline will take effect immediately. Claimants with a determination notice issued on or before August 18, 2021 who have not yet requested Reconsideration or accepted the notice have until **Friday, September 17, 2021** to do so. Any determination notices without an acceptance, reconsideration request or request for extension on or before September 17, 2021 will be deemed accepted.
